United States Patent Office.

RALPH S. JENNINGS, OF NEW YORK, N. Y.

Design No. 3,135, dated July 28, 1868.

DESIGN FOR A TOY.

The Schedule referred to in these Letters Patent and making part of the same.

TO ALL WHOM IT MAY CONCERN:

Be it known that I, RALPH S. JENNINGS, of New York, in the county of New York, and State of New York, have originated and designed a new form of an Improved Toy, called the "Planchette;" and I do hereby declare that the following is a full, clear, and exact description of the construction and operation of the same, reference being had to the annexed drawings, making a part of this specification, and to the letters and figures of reference marked thereon.

Figure 1 of the drawings is a representation of a plan view of my device, and

Figure 2 is a sectional view thereof.

My device consists in the peculiar form of the table, as shown on fig. 1, and also of the conformation of the upright standard B and the casters C, as shown on fig. 2.

What I claim as my invention, and desire to secure by Letters Patent, is—

The design for the board and standard of a toy, called planchette, herein described and shown.

In testimony that I claim the above, I have hereunto subscribed my name in the presence of two witnesses.

RALPH S. JENNINGS.

Witnesses:

J. B. NONES,

JAMES TAYLOR.
